HOUSEHOLD GOODS.

Attention, June
Brides and Grooms!

Furniture, being one of the very first
investments of every young couple,
should be selected with care and your
choice will be "repented at leisure."
The first thing to consider about the
furniture for your home is that you
are going to live with it for a long
time. Also because of the amount of
the investment, your selection should
be made with care.

There is too much involved in fur-

choice of this store? You want quality,
you want value and often liberal terms
of payment spread over a great many
months, and that's exactly what we
have to offer. Come, look through our
stock. You will not be urged to buy.
